Profile

Early-career Mobile Engineer with 2 years in Software Development. Strongest in Go; currently deepening my C# experience through production work rather than tutorials.

Work Experience

Mobile Engineer, Ridgeline Analytics

2024–Present | Mathewsborough (On-site)

- » Led the migration of a legacy monolith to GraphQL, taking deployments from fortnightly to 40 per day.
- » Built a reusable gRPC component library adopted by 5 product teams, removing months of duplicated work.

Education and Training

Bachelor, Biology

Lucasland University | 2020–2023

Relevant coursework: Bioinformatics, Cell Biology, Biostatistics, Genetics

Technologies

Go (1 year), C# (1 year), gRPC (1 year), Angular (1 year), GraphQL (2 years), Node.js (1 year), pytest (1 year), Kubernetes (2 years)

Selected Projects

Conference talk

Spoke on pytest in production at a regional meetup, ~20 attendees.

Home energy dashboard

Collects meter readings and renders them with GraphQL. Mostly an excuse to learn time-series storage properly.

Recipe search engine

Full-text search over a scraped recipe corpus using Node.js; learned more about ranking than about cooking.

Volunteer Experience

Volunteer instructor at a weekend coding club for 25 secondary school students.

Languages

English – Fluent
