Professional Summary

Data/AI/ML graduate looking for a first role. Picked up Python and NumPy through coursework and side projects rather than commercial work, and I'd like to learn the rest somewhere that reviews code properly.

Professional Experience

Seeking a first professional role; see projects below.

Education and Training

Master, Data Science

Allenbury State University | 2025 — 2026

GPA 3.8/4.0

Thesis: "Handling label noise in weakly supervised classification"

Relevant coursework: Experimental Design, Statistical Learning, Natural Language Processing, Bayesian Inference

Bachelor, Data Science

Meredithberg Institute of Technology | 2020 — 2024

Technologies

Languages: Python, SQL

Frameworks: NumPy

Testing & Tooling: Confluence

Recognition

Dean's List, 2023

Volunteering

Committee member, local Data meetup - organise speakers and venue.

Languages

English — Bilingual
