Career Objective

Pragmatic SDET (7 years in QA/Testing). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Jira, Cypress and a lot of conversations with the people who use what we build.

Education & Qualifications

Master, Software Engineering

Wolfsborough University | 2017–2018

Bachelor, Software Engineering

Andreaport University | 2013–2016

Skills & Tools

- » Jira
- » Cypress
- » Selenium
- » Docker
- » CI/CD
- » Playwright
- » Java
- » Nginx
- » GraphQL
- » DynamoDB

Career History

SDET

BrightPath Solutions | 2023–Present

- » Set up cross-browser and device coverage in Cypress, catching defects staging had missed.
- » Reduced escaped defects by 40% through risk-based test prioritisation.
- » Partnered with developers to shift testing left, embedding QA in refinement sessions.

Shopify — Test Automation Engineer

2018–2023

- » Automated 50 regression suites with Playwright, cutting the manual test cycle by 22%.
- » Cut end-to-end suite runtime from 40 hours to 6 minutes through parallelisation.

Projects

Commute optimiser

Pulls transit APIs and suggests departure times, built on Java.

Personal Interests

Volunteering at a local coding club, Cooking, Open-source contribution
