Career Objective

QA/Testing graduate with 2 years of hands-on experience, most recently at Ridgeline Analytics. Comfortable with JavaScript and Cypress, and keen to work somewhere with strong code review culture.

Academic History

Bachelor, Communications

Port Darlene State University | 2020 - 2024

Magna Cum Laude

Experience

Ridgeline Analytics — SDET

09/2024 - Present

- » Established test data management practices later adopted by 4 teams.
- » Drove accessibility coverage from 30% to 85% of core journeys.
- » Automated 30 regression suites with Cypress, cutting the manual test cycle by 30%.
- » Wrote the team's testing strategy, separating unit, contract and end-to-end responsibilities.

Key Skills

JavaScript — Working knowledge

Cypress — Working knowledge

GitHub Actions — Working knowledge

Playwright — Intermediate

Java — Working knowledge

Nginx — Working knowledge

Airflow — Working knowledge

Databricks — Working knowledge

Selected Projects

Commute optimiser

Pulls transit APIs and suggests departure times, built on Airflow.

Match-day predictor

Small model in GitHub Actions predicting league results. Beats the naive baseline; still loses to the bookmakers.

Charity chatbot

Built a Databricks assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Certificates

Professional Data Engineer — Google Cloud, 2026

Google Analytics Certification — Google, 2023

Azure Fundamentals (AZ-900) — Microsoft, 2024

Research Output

"Trust signals in digital public messaging" - accepted at a peer-reviewed workshop, 2024.

Honours & Awards

Employee of the Quarter, 2017

Internal Hackathon Winner, 2026
