## SUMMARY

Senior Applied Scientist with 11 years in Data/AI/ML, currently at Ironwood Consulting. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in SQL, TensorFlow and Hugging Face.

## EDUCATION

### High School

Colebury High School | 2012 – 2015

## PROFESSIONAL EXPERIENCE

### Ironwood Consulting — Senior Applied Scientist

Mar '23 – Present | North Donald

- Built an end-to-end training pipeline on Hugging Face, cutting retraining from days to 8 hours.
- Lifted recommendation click-through by 18% through feature engineering and retraining cadence in PyTorch.
- Cut inference cost by 25% through quantisation, batching and autoscaling on AWS.
- Trained and deployed Scikit-learn models serving 30M predictions per day at under 140ms p95.
- Migrated ad-hoc notebooks into versioned Python pipelines with reproducible runs and tracked experiments.

### Junior Applied Scientist, Amber Creek Software

Jul '15 – Feb '23 | Conradchester

- Built the feature store that 50 downstream models now read from, ending duplicated feature logic.
- Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.
- Developed an NLP classification system in PyTorch reaching 92% F1, replacing a manual review queue.
- Established offline/online evaluation parity, catching 3 silent regressions before release.

## SKILLS & TOOLS

**Languages:** SQL, Python, Bash

**Frameworks:** TensorFlow, Hugging Face, PyTorch, Scikit-learn, Node.js

**Cloud & DevOps:** Docker, AWS

**Data:** Airflow, Databricks

**Analytics & Design:** Excel

## NOTABLE PROJECTS

### Home energy dashboard

Collects meter readings and renders them with PyTorch. Mostly an excuse to learn time-series storage properly.

### Hugging Face utility library

Open-source helper library for Hugging Face, ~300 GitHub stars. Wrote the docs and handled issue triage.

## CERTIFICATES

Certified ScrumMaster (CSM) — Scrum Alliance, 2017

Certified Kubernetes Administrator (CKA) — Cloud Native Computing Foundation, 2024

Azure Fundamentals (AZ-900) — Microsoft, 2022

## SELECTED PUBLICATIONS

"Cache coherence under bursty workloads" - co-authored conference paper, 2015.

## OUTSIDE OF WORK

Board games, Amateur photography, Open-source contribution
