

# ASHLEY A. BARNETT

riverabrian@example.com | 506-457-9551x562 | linkedin.com/in/ashley-a-barnett | github.com/ashleydev

## Professional Profile

Senior QA/Testing professional, 9 years in. Track record of taking ambiguous problems through design, delivery and the unglamorous operational work that follows. I mentor deliberately and write things down. Core stack: pytest, TypeScript, Docker.

## Career History

|              |                                                                                                                                                                                                                                                                                                                                                        |
