Professional Summary

Entry-level DevOps/Infrastructure candidate. Strongest in Nginx; comfortable enough with Redis to be useful from week one, and honest about what I still need to learn.

Academic Background

Bachelor, Electrical Engineering

Blackton State University | 2026

Dean's List (2 years)

Professional Experience

Seeking a first professional role; see projects below.

Skills & Tools

Nginx (1 year), Redis (1 year), Jenkins (1 year), Kubernetes (1 year), Go (1 year), Looker (1 year)

Side Projects

Nginx utility library

Open-source helper library for Nginx, ~500 GitHub stars. Wrote the docs and handled issue triage.

Personal finance tracker

Self-hosted spend tracker built with Jenkins. Deliberately kept the data local rather than using a hosted service.

Match-day predictor

Small model in Nginx predicting league results. Beats the naive baseline; still loses to the bookmakers.

Certificates

Professional Data Engineer — Google Cloud, 2022

Databricks Certified Data Engineer Associate — Databricks, 2025

Languages

English – Native

Personal Interests

Cycling, Trail running
