Professional Profile

UX Designer with 7 years in Product/Design, focused on TypeScript and Git. Comfortable owning a feature from discovery through to production support.

Professional Experience

January 2023 to Now	UX Designer Palantir - Redesigned onboarding in TypeScript, lifting activation from 30% to 90%. - Prototyped 40 concepts in Sketch and killed two early on evidence rather than opinion. - Wrote the PRDs and acceptance criteria for a platform migration affecting 3k users. - Ran discovery interviews with 6 customers, reshaping the following year's roadmap.
April 2019 to October 2022	UX Designer Amber Creek Software - Built the experimentation framework the team uses to size bets before committing. - Facilitated usability testing that surfaced 12 critical friction points before launch. - Defined north-star metrics and instrumented them across 10 delivery squads.
