Technical Skills

Scikit-learn (1 year), PyTorch (1 year), Databricks (1 year), Angular (1 year), Redis (1 year)

Languages

English – Native

Personal Interests

Cooking, Volunteering at a local coding club, Chess, Cycling

ALAN GRIMES

MLOps Engineer

Summary

Early-career MLOps Engineer with 1 year in Data/AI/ML. Strongest in Scikit-learn; currently deepening my PyTorch experience through production work rather than tutorials.

Qualifications

PhD, Economics

Baileypoint State University | 2020 – 2023

GPA 3.8/4.0

Thesis: "Demand elasticity in subscription markets"

Bachelor, Communications

Port Dominiquetown Institute of Technology | 2020

Relevant Experience

MLOps Engineer, Lumen Works

Sep 2024 – Jan 2026

- Wrote the team's model documentation and review standard, now required before any production launch.
- Migrated ad-hoc notebooks into versioned Databricks pipelines with reproducible runs and tracked experiments.
- Built an end-to-end training pipeline on PyTorch, cutting retraining from days to 5 hours.

Open Source

Technical blog

Writing up Redis experiments and failures, roughly 4k readers a month.

Recipe search engine

Full-text search over a scraped recipe corpus using Scikit-learn; learned more about ranking than about cooking.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Scikit-learn.

Research Output

"Labour mobility and remote work adoption" - co-authored conference paper, 2024.

"Demand elasticity in subscription markets" - technical report, 2025. Cited internally as the basis for the current design.

Honours & Awards

Employee of the Quarter, 2022
