Work Experience

Data Scientist, Ironwood Consulting

Oct '24 – Present

- Built an end-to-end training pipeline on MLflow, cutting retraining from days to 30 hours.
- Migrated ad-hoc notebooks into versioned Hugging Face pipelines with reproducible runs and tracked experiments.
- Cut inference cost by 45% through quantisation, batching and autoscaling on the in-house toolchain.
- Mentored 8 analysts moving into modelling work, with weekly paper reading and code review.

Junior Applied Scientist

Clearwater Systems | May '22 – May '24

- Trained and deployed Hugging Face models serving 5M predictions per day at under 40ms p95.
- Wrote the team's model documentation and review standard, now required before any production launch.
- Built the feature store that 40 downstream models now read from, ending duplicated feature logic.

Education & Qualifications

Bachelor, Computer Science

South Darrenland Institute of Technology | 2017 – 2021

Skills

MLflow — Intermediate

Airflow — Working knowledge

LangChain — Intermediate

PyTorch — Working knowledge

GraphQL — Working knowledge

Hugging Face — Intermediate

Projects

Commute optimiser

Pulls transit APIs and suggests departure times, built on Airflow.

Training & Certifications

Certified Information Systems Security Professional (CISSP) — ISC2, 2016

Community

Committee member, local Data meetup - organise speakers and venue.
