

Scott Rojas

Professional Summary

Senior Data Analyst with 17 years in Data Analysis, currently at Meta. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Power BI, Pandas and Snowflake.

Career Highlights

- Consolidated 12 legacy reports into 12 maintained dashboards.
- Presented findings to the executive team monthly, translating analysis into concrete decisions.
- Modelled pricing scenarios in Snowflake, supporting a 22% margin improvement.

Professional Experience

Senior Data Analyst, Meta

2020–Present

- Built Excel dashboards used daily by 4 stakeholders across three departments.
- Built data quality tests in SQL that catch upstream breakages before stakeholders see them.
- Defined and documented 20 core business metrics in the semantic layer, ending duplicate definitions.
- Migrated reporting from spreadsheets to Excel, giving one trusted source of numbers.
- Designed the experiment readouts template now used company-wide.

Analytics Engineer, Vantage Point Technologies

2008–2020

- Analysed churn drivers and informed retention work that reduced churn by 70%.
- Rebuilt the finance forecast with the FP&A; team, improving accuracy by 60%.
- Ran cohort analysis that reframed how the business measures activation.
- Automated monthly reporting with Excel, saving 30 analyst-hours per cycle.
