Personal Statement

Recent graduate moving into Product/Design. Most of my practical experience is self-directed - personal projects in Jira and Looker - and I'm looking for a team to learn production engineering with.

Work Experience

Seeking a first professional role; see projects below.

Academic Background

Bachelor, Economics

New Nicole National University | 2020–2024

Tech Stack

Skill	Experience
Jira	1 year
Looker	1 year
Tableau	1 year
Confluence	1 year
Angular	1 year
JavaScript	1 year

Side Projects

Recipe search engine

Full-text search over a scraped recipe corpus using JavaScript; learned more about ranking than about cooking.

Technical blog

Writing up Angular experiments and failures, roughly 9k readers a month.

Angular utility library

Open-source helper library for Angular, ~100 GitHub stars. Wrote the docs and handled issue triage.

Volunteer Experience

Volunteer instructor at a weekend coding club for 15 secondary school students.
