

BRIAN DAVIDSON

Junior Mobile Engineer

Professional Experience

Junior Mobile Engineer

Nova Tech Group | 2024–2026 | New Robert (On-site)

- » Set the service-level objectives for 4 services and built the dashboards the team still runs on.
- » Refactored the billing module behind a feature flag, eliminating 30% of recurring production incidents.

Academic History

Master, Data Science

Angelbury University | 2022–2024

Bachelor, Data Science

Howardmouth Institute of Technology | 2021

Open Source

Charity chatbot

Built a Angular assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Recipe search engine

Full-text search over a scraped recipe corpus using GraphQL; learned more about ranking than about cooking.

Commute optimiser

Pulls transit APIs and suggests departure times, built on C#.

Volunteer Experience

Volunteer instructor at a weekend coding club for 20 secondary school students.
