Tiffany Patel

Data Analyst

Education

Bachelor, Physics

Lake Toddland National University | 2022
First Class Honours

Work Experience

Data Analyst

Uber | 02/2024 - 04/2026

- Modelled pricing scenarios in Excel, supporting a 22% margin improvement.
- Consolidated 5 legacy reports into 12 maintained dashboards.

Personal Projects

Charity chatbot

Built a Snowflake assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Snowflake.

Home energy dashboard

Collects meter readings and renders them with Prometheus. Mostly an excuse to learn time-series storage properly.
