Seeking a first professional role; see projects below.

Bachelor, Business Administration

Aguilarhaven National University | 2021–2024

- » SQL

SIDE PROJECTS

Technical blog

Writing up SQL experiments and failures, roughly 3k readers a month.

Personal finance tracker

Self-hosted spend tracker built with Tableau. Deliberately kept the data local rather than using a hosted service.

Match-day predictor

Small model in Excel predicting league results. Beats the naive baseline; still loses to the bookmakers.
