Selected Projects

Match-day predictor

Small model in Excel predicting league results. Beats the naive baseline; still loses to the bookmakers.

Personal finance tracker

Self-hosted spend tracker built with Sketch. Deliberately kept the data local rather than using a hosted service.

Linux utility library

Open-source helper library for Linux, ~600 GitHub stars. Wrote the docs and handled issue triage.

Community

Volunteer instructor at a weekend coding club for 25 secondary school students.
