

Natalie Arroyo

Career Objective

Pragmatic UX Researcher (5 years in Product/Design). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Confluence, Git and a lot of conversations with the people who use what we build.

Academic History

Bachelor, Economics

Johnbury National University | 2016 — 2020

Dean's List (2 years)

Relevant coursework: Game Theory, Public Economics, Microeconomic Theory, Econometrics

Professional Experience

UX Researcher, Adobe

2022-07 — Present

- Partnered with data to define activation and retention definitions the whole company now uses.
- Introduced accessibility standards to the design process, taking 8 flows to WCAG AA.
- Ran discovery interviews with 30 customers, reshaping the following year's roadmap.
- Prototyped 20 concepts in React and killed two early on evidence rather than opinion.

UX Researcher, Cobalt Applications

2020-10 — 2022-04

- Built the experimentation framework the team uses to size bets before committing.
- Negotiated scope with engineering and legal to ship a compliance deadline on time.
- Shipped a design system in TypeScript adopted across 2 product surfaces.

Technical Skills

Languages: TypeScript, Go

Frameworks: React, Hugging Face, Scikit-learn

Analytics & Design: Looker, Power BI

Testing & Tooling: Confluence, Git

Personal Projects

Recipe search engine

Full-text search over a scraped recipe corpus using Looker; learned more about ranking than about cooking.

Professional Certifications

Azure Fundamentals (AZ-900) — Microsoft, 2017

Azure Solutions Architect Expert (AZ-305) — Microsoft, 2017

Selected Publications

"Demand elasticity in subscription markets" - accepted at a peer-reviewed workshop, 2021.

Honours & Awards

Graduated with Distinction, 2021
