

TARA CHAVEZ

Recent graduate moving into Product/Design. Most of my practical experience is self-directed - personal projects in Tableau and Git - and I'm looking for a team to learn production engineering with.

QUALIFICATIONS

Master, Software Engineering

Barnesbury University | 2024 to 2026

Relevant coursework: Testing, Agile Delivery, Software Architecture, Requirements Engineering

Bachelor, Software Engineering

Raymondmouth Institute of Technology | 2020 to 2023

EXPERIENCE

Seeking a first professional role; see projects below.

SKILLS & TOOLS

- Tableau — Working knowledge
- Git — Working knowledge
- Sketch — Working knowledge
- TypeScript — Working knowledge
- Figma — Working knowledge
- Datadog — Working knowledge
- Node.js — Working knowledge

SELECTED PROJECTS

Charity chatbot

Built a Git assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

TypeScript utility library

Open-source helper library for TypeScript, ~400 GitHub stars. Wrote the docs and handled issue triage.

Match-day predictor

Small model in Datadog predicting league results. Beats the naive baseline; still loses to the bookmakers.

Personal Interests

Sailing, Volunteering at a local coding club
