About Me

AI Researcher with 6 years in Data/AI/ML, focused on NumPy and Spark. Comfortable owning a feature from discovery through to production support.

Relevant Experience

AI Researcher, Cobalt Applications

2020–Present

- Wrote the team's model documentation and review standard, now required before any production launch.
- Mentored 30 analysts moving into modelling work, with weekly paper reading and code review.
- Built an end-to-end training pipeline on Spark, cutting retraining from days to 8 hours.

Academic Background

Master, Data Science

Evansland National University | 2017–2018

Thesis: "Drift detection for production forecasting models"

Bachelor, Data Science

East Scottfort University | 2013–2017

Technical Skills

NumPy, Spark, Docker, AWS, React, C++, MongoDB

Languages

English – Bilingual

Polish – Professional working proficiency

Personal Interests

Travel photography, Trail running, Long-distance swimming, Amateur photography
