Profile

Senior Software Development professional, 14 years in. Track record of taking ambiguous problems through design, delivery and the unglamorous operational work that follows. I mentor deliberately and write things down. Core stack: gRPC, Spring Boot, PostgreSQL.

Experience

Senior Mobile Engineer, Lumen Works

02/2018 - 04/2026 | Peterstad

- Cut CI build times by 45% by parallelising the Jenkins pipeline and caching dependency layers.
- Built a reusable Spring Boot component library adopted by 4 product teams, removing months of duplicated work.
- Introduced contract testing with CI/CD, lifting coverage from 4% to 96% and cutting integration bugs.
- Set the service-level objectives for 40 services and built the dashboards the team still runs on.
- Partnered with product to scope and deliver 30 major releases, each behind staged rollouts.

Junior Mobile Engineer, LinkedIn

02/2013 - 01/2018 | Port Monicaport (Remote (UK))

- Rewrote the search path in C#, dropping median response from 1200ms to 110ms for 2M monthly users.
- Replaced a third-party dependency with an in-house Angular module, saving \$30k per year in licence fees.
- Drove the team's adoption of trunk-based development, reducing merge conflicts and lead time by 20%.
- Designed and shipped Go services handling 4k requests per minute, cutting p99 latency from 600ms to 140ms.

Full-Stack Developer, Lumen Works

03/2012 - 09/2012 | New Barbarahaven (Remote)

- Owned the customer-facing API end to end on GraphQL, from schema design through on-call support.
- Mentored 20 junior engineers, ran weekly design reviews, and authored the team's onboarding guide.
- Hardened authentication flows in C# after a security review, closing 6 findings before audit.

Adobe — Junior Full-Stack Developer

05/2011 - 03/2012 | Reginaldton (Hybrid - 2 days on-site)

- Refactored the billing module behind a feature flag, eliminating 35% of recurring production incidents.
- Led the migration of a legacy monolith to C#, taking deployments from fortnightly to 8 per day.
- Managed stakeholder communication during a major incident, including the post-mortem.

Qualifications

High School

Pamelabury High School | 2011

Key Skills

gRPC | Spring Boot | PostgreSQL | Go | GraphQL | Git | Angular | REST APIs | C# | Tableau | PyTorch | Jenkins | CI/CD

Professional Certifications

Professional Data Engineer — Google Cloud, 2018

Databricks Certified Data Engineer Associate — Databricks, 2016

Community

Committee member, local Software Development meetup - organise speakers and venue.
