SUMMARY

Early-career Product Designer with 2 years in Product/Design. Strongest in TypeScript; currently deepening my Figma experience through production work rather than tutorials.

ACADEMIC HISTORY

Master, Economics

Nancytown State University | 2022
2:1 Honours

Thesis: "Labour mobility and remote work adoption"

Relevant coursework: Econometrics, Public Economics, Microeconomic Theory, Game Theory

Bachelor, Communications

Ashleyville Institute of Technology | 2017 — 2020

KEY SKILLS

TypeScript (2 yrs), Figma (1 year), Tableau (1 year), Git (1 year), Excel (1 year), PostgreSQL (1 year), Swift (2 yrs)

EXPERIENCE

Product Designer, Northbridge IT

2024-03 — 2026-03

- Ran discovery interviews with 6 customers, reshaping the following year's roadmap.
- Facilitated usability testing that surfaced 10 critical friction points before launch.
- Wrote the PRDs and acceptance criteria for a platform migration affecting 40k users.
- Built the experimentation framework the team uses to size bets before committing.
