

Allison Fowler

mpowers@example.org – (608)217-7602x991 – Zunigaside

Summary

Senior Site Reliability Engineer with 15 years in DevOps/Infrastructure, currently at IBM. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Azure, Ansible and AWS.

Key Achievements

- Hardened Docker environments ahead of SOC 2, closing 50 critical findings.
- Reduced incident MTTR from 12 hours to under 30 minutes with better alert routing and runbooks.
- Introduced secret rotation and least-privilege IAM across 5 accounts.

Work Experience

Senior Site Reliability Engineer

IBM | 2021–Present | East Melissaburgh

- Led the Kubernetes upgrade across 15 clusters with zero customer-visible downtime.
- Automated 10 manual runbooks, saving an estimated 4 engineer-hours per month.
- Cut container image sizes by 35%, shortening cold starts across the fleet.
- Designed the multi-region failover strategy and led the game-day exercises that proved it.

Junior Cloud Engineer

Cobalt Applications | 2011–2021 | North Carrietown

- Ran the on-call rotation for 12 production services, sustaining 99.9% availability.
- Built observability on Ansible so teams could self-serve dashboards instead of filing tickets.
- Wrote the platform team's paved-road documentation, cutting onboarding from weeks to days.

Education & Qualifications

High School

Wilsonfort High School | 2011

Skills & Tools

Languages: Bash, Scala

Frameworks: Vue.js, Django

Cloud & DevOps: Azure, Ansible, AWS, Datadog, Docker, GitHub Actions, Jenkins

Data: Kafka

Testing & Tooling: Postman

Open Source

Charity chatbot

Built a Vue.js assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Conference talk

Spoke on Jenkins in production at a regional meetup, ~50 attendees.

Certifications

Professional Data Engineer — Google Cloud, 2019

Volunteer Experience

Maintainer of a small open-source Bash library used by a handful of teams.
