Professional Profile

Early-career Applied Scientist with 1 year in Data/AI/ML. Strongest in Docker; currently deepening my Airflow experience through production work rather than tutorials.

Education & Qualifications

Bachelor, Physics

Alexiside State University | 2019–2023

Relevant coursework: Thermodynamics, Quantum Mechanics, Electromagnetism, Computational Physics

Professional Experience

Cisco — Applied Scientist

2025–Present | Kelseyfurt

- Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.
- Wrote the team's model documentation and review standard, now required before any production launch.

Technologies

Docker • Airflow • Python • GitHub Actions • GraphQL

Personal Projects

Charity chatbot

Built a Python assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Technical blog

Writing up GraphQL experiments and failures, roughly 8k readers a month.

Personal finance tracker

Self-hosted spend tracker built with Airflow. Deliberately kept the data local rather than using a hosted service.
