Personal Projects

Home energy dashboard

Collects meter readings and renders them with Jira. Mostly an excuse to learn time-series storage properly.

Charity chatbot

Built a TypeScript assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Technical blog

Writing up Jira experiments and failures, roughly 5k readers a month.

Certificates

TensorFlow Developer Certificate — Google, 2022

Certified Kubernetes Administrator (CKA) — Cloud Native Computing Foundation, 2021

Volunteering

Maintainer of a small open-source TypeScript library used by a handful of teams.
