Pragmatic Technical Product Manager (5 years in Product/Design). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Tableau, Looker and a lot of conversations with the people who use what we build.

RELEVANT EXPERIENCE

Vantage Point Technologies — Technical Product Manager

05/2024 - Present | South Mark (Remote (UK))

- Prototyped 5 concepts in TypeScript and killed two early on evidence rather than opinion.
- Introduced accessibility standards to the design process, taking 30 flows to WCAG AA.
- Built the experimentation framework the team uses to size bets before committing.
- Wrote the PRDs and acceptance criteria for a platform migration affecting 20k users.

Junior UX Designer, Spotify

09/2020 - 04/2024 | New Danny (Hybrid - 2 days on-site)

- Facilitated usability testing that surfaced 2 critical friction points before launch.
- Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
- Shipped a design system in TypeScript adopted across 50 product surfaces.

EDUCATION

Bachelor, Biology

Brianston State University | 2017 - 2020

SIDE PROJECTS

Conference talk

Spoke on Confluence in production at a regional meetup, ~60 attendees.

Match-day predictor

Small model in Excel predicting league results. Beats the naive baseline; still loses to the bookmakers.
