KRISTI DILLON

Professional Summary

Recent graduate moving into Software Development. Most of my practical experience is self-directed - personal projects in Python and TypeScript - and I'm looking for a team to learn production engineering with.

Education and Training

Bachelor, Physics

North Annville State University | 2022 to 2026

Relevant coursework: Electromagnetism, Thermodynamics, Quantum Mechanics, Computational Physics

Career History

Seeking a first professional role; see projects below.

Side Projects

Conference talk

Spoke on AWS in production at a regional meetup, ~90 attendees.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Python.

Personal finance tracker

Self-hosted spend tracker built with Python. Deliberately kept the data local rather than using a hosted service.
