English – Fluent
Dutch – Fluent
Polish – Professional working proficiency

Matthew Valenzuela

Senior Insights Analyst

Profile

Senior Data Analysis professional, 22 years in. Track record of taking ambiguous problems through design, delivery and the unglamorous operational work that follows. I mentor deliberately and write things down. Core stack: Airflow, Pandas, SQL.

Career History

Senior Insights Analyst, Ironwood Consulting

Aug 2010 – Now

- » Designed the experiment readouts template now used company-wide.
- » Defined and documented 5 core business metrics in the semantic layer, ending duplicate definitions.
- » Analysed churn drivers and informed retention work that reduced churn by 40%.
- » Built data quality tests in BigQuery that catch upstream breakages before stakeholders see them.
- » Trained 2 non-technical colleagues to self-serve, cutting ad-hoc request volume by 60%.

Amber Creek Software — Data Engineer

Aug 2007 – Jun 2010

- » Migrated reporting from spreadsheets to MySQL, giving one trusted source of numbers.
- » Consolidated 5 legacy reports into 3 maintained dashboards.
- » Automated monthly reporting with Snowflake, saving 50 analyst-hours per cycle.
- » Ran cohort analysis that reframed how the business measures activation.

Business Intelligence Analyst, Silverline Data

Apr 2004 – Mar 2007

- » Presented findings to the executive team monthly, translating analysis into concrete decisions.
- » Built Tableau dashboards used daily by 20 stakeholders across three departments.
- » Partnered with engineering to fix event tracking, recovering 22% of previously lost sessions.

Business Intelligence Analyst, Palantir

Oct 2003 – Feb 2004

- » Modelled pricing scenarios in Databricks, supporting a 12% margin improvement.
- » Rebuilt the finance forecast with the FP&A; team, improving accuracy by 25%.
- » Ran retrospectives and drove the follow-up actions to completion, not just to the board.

Fenwick Digital — Data Engineer

Feb 2003 – Jul 2003

- » Standardised the team's tooling with the in-house toolchain, ending long-running environment drift.
- » Represented the team in cross-functional planning with product, design and support.
- » Presented the team's work at an internal engineering forum of 20+ colleagues.

Education

Bachelor, Economics

Ryanberg Institute of Technology | 1998 – 2002

GPA 3.8/4.0

Volunteering

Volunteer instructor at a weekend coding club for 20 secondary school students.
