

Mark Tran

Career Objective

QA/Testing graduate with 1 year of hands-on experience, most recently at Ridgeline Analytics. Comfortable with Playwright and Jira, and keen to work somewhere with strong code review culture.

Qualifications

Bachelor, Physics

South Michelleport National University | 2024

Tech Stack

Playwright (1 year), Jira (1 year), NumPy (1 year), React (1 year)

Career History

Quality Engineer, Ridgeline Analytics

November 2024 to July 2026

- Built a performance harness in Playwright simulating 40k concurrent users.
- Automated 15 regression suites with Playwright, cutting the manual test cycle by 22%.
- Drove accessibility coverage from 30% to 96% of core journeys.

Notable Projects

Charity chatbot

Built a Jira assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Home energy dashboard

Collects meter readings and renders them with Jira. Mostly an excuse to learn time-series storage properly.

Commute optimiser

Pulls transit APIs and suggests departure times, built on React.
