

Michele Cohen

Personal Statement

Data Analysis graduate with 2 years of hands-on experience, most recently at Dell. Comfortable with Airflow and Excel, and keen to work somewhere with strong code review culture.

Qualifications

Master, Economics

West Lisaport Institute of Technology | 2022 – 2023

Bachelor, Economics

Juanfort National University | 2022

Technical Skills

- Airflow
- Excel
- Snowflake
- SQL
- Cypress
- Elasticsearch
- Selenium

Career History

Business Intelligence Analyst

Dell | Feb '24 – Present | East Tylerland

- Defined and documented 4 core business metrics in the semantic layer, ending duplicate definitions.
- Rebuilt the finance forecast with the FP&A; team, improving accuracy by 60%.

Side Projects

Match-day predictor

Small model in SQL predicting league results. Beats the naive baseline; still loses to the bookmakers.

Home energy dashboard

Collects meter readings and renders them with Cypress. Mostly an excuse to learn time-series storage properly.

Personal finance tracker

Self-hosted spend tracker built with SQL. Deliberately kept the data local rather than using a hosted service.
