

Carlos Decker

ycole@example.net (619)458-7305 Jessehaven linkedin.com/in/carlos-decker

Summary

Pragmatic Mobile Engineer (4 years in Software Development). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Vue.js, Next.js and a lot of conversations with the people who use what we build.

Work Experience

Mobile Engineer, Blue Orbit Labs

2023–Present | Elizabethville (Remote)

- Drove the team's adoption of trunk-based development, reducing merge conflicts and lead time by 12%.
- Mentored 5 junior engineers, ran weekly design reviews, and authored the team's onboarding guide.
- Replaced a third-party dependency with an in-house gRPC module, saving \$40k per year in licence fees.
- Owned the customer-facing API end to end on Rust, from schema design through on-call support.

Full-Stack Developer, BrightPath Solutions

2022–2023 | Nicolehaven (Remote)

- Introduced contract testing with pytest, lifting coverage from 4% to 94% and cutting integration bugs.
- Set the service-level objectives for 50 services and built the dashboards the team still runs on.
- Built a reusable Rust component library adopted by 50 product teams, removing months of duplicated work.

Academic Background

Master, Electrical Engineering

West Ronaldview University | 2020

Bachelor, Software Engineering

Stephaniefort University | 2013–2017

Technologies

Vue.js (2 years), Next.js (2 years), pytest (1 year), Spring Boot (3 years), gRPC (4 years), React (2 years), Rust (3 years), BigQuery (1 year)

Open Source

Recipe search engine

Full-text search over a scraped recipe corpus using React; learned more about ranking than about cooking.

Outside of Work

Five-a-side football, Bouldering, Home automation, Cycling
