

Francisco Kelly

Junior Software Engineer

PROFESSIONAL PROFILE

Junior Software Engineer with 3 years in Software Development, focused on gRPC and Angular. Comfortable owning a feature from discovery through to production support.

CAREER HISTORY

Junior Software Engineer, Palantir

2023-07 — Present | New Daniel (Hybrid)

- » Mentored 40 junior engineers, ran weekly design reviews, and authored the team's onboarding guide.
- » Cut CI build times by 40% by parallelising the GitHub Actions pipeline and caching dependency layers.
- » Built a reusable Angular component library adopted by 30 product teams, removing months of duplicated work.
- » Set the service-level objectives for 15 services and built the dashboards the team still runs on.

EDUCATION AND TRAINING

Master, Physics

Traciebury University | 2020 — 2022

Bachelor, Physics

South Joshuastad University | 2016 — 2020

SELECTED PROJECTS

Personal finance tracker

Self-hosted spend tracker built with Swift. Deliberately kept the data local rather than using a hosted service.
