PROFESSIONAL PROFILE

Pragmatic Applied Scientist (6 years in Data/AI/ML). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means TensorFlow, Docker and a lot of conversations with the people who use what we build.

PROFESSIONAL EXPERIENCE

Applied Scientist

Summit Digital | Aug 2020 – Now | Robertsberg

- Built the feature store that 12 downstream models now read from, ending duplicated feature logic.
- Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.
- Trained and deployed Scikit-learn models serving 30M predictions per day at under 110ms p95.

QUALIFICATIONS

High School

Thomasberg High School | 2017 – 2020

SKILLS

TensorFlow — Working knowledge

Docker — Proficient

AWS — Working knowledge

Snowflake — Proficient

Databricks — Proficient

LangChain — Working knowledge

Scikit-learn — Intermediate

PostgreSQL — Working knowledge

Playwright — Proficient

MongoDB — Intermediate

PROJECTS

Match-day predictor

Small model in TensorFlow predicting league results. Beats the naive baseline; still loses to the bookmakers.

AWARDS

Graduated with Distinction, 2022

Engineering Excellence Award, 2020

LANGUAGE SKILLS

English – Native

French – B2

Japanese – B2
