

ANTHONY HUBBARD

rodneyhayes@example.net | (608)628-9671x3605 | Mcdowellberg | github.com/anthonydev

18 years in Data Analysis, most of it spent on systems other teams depend on. Comfortable leading technical decisions, pushing back on scope when it matters, and carrying a pager for what I build. Primary tools: Python and Airflow.

WORK EXPERIENCE

Senior Insights Analyst, Netflix

2016–Present

- Migrated reporting from spreadsheets to PostgreSQL, giving one trusted source of numbers.
- Built data quality tests in PostgreSQL that catch upstream breakages before stakeholders see them.
- Analysed churn drivers and informed retention work that reduced churn by 18%.
- Trained 40 non-technical colleagues to self-serve, cutting ad-hoc request volume by 60%.

Data Analyst, Lumen Works

2010–2015

- Designed the experiment readouts template now used company-wide.
- Defined and documented 50 core business metrics in the semantic layer, ending duplicate definitions.
- Built Power BI dashboards used daily by 6 stakeholders across three departments.

Data Analyst, Meridian Software

2008–2010

- Rebuilt the finance forecast with the FP&A; team, improving accuracy by 35%.
- Partnered with engineering to fix event tracking, recovering 60% of previously lost sessions.

Silverline Data — Business Intelligence Analyst

2007–2008

- Consolidated 3 legacy reports into 6 maintained dashboards.
- Ran cohort analysis that reframed how the business measures activation.
