Personal Statement

Senior Test Automation Engineer with 16 years in QA/Testing, currently at Fenwick Digital. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Jira, GitHub Actions and Playwright.

Experience

Fenwick Digital — Senior Test Automation Engineer

Mar 2020 – Now | West Heatherfort (Remote (UK))

- Wrote the team's testing strategy, separating unit, contract and end-to-end responsibilities.
- Built a performance harness in pytest simulating 15k concurrent users.
- Reduced escaped defects by 45% through risk-based test prioritisation.

QA Engineer, Stripe

Sep 2009 – Jan 2020 | South Brendan

- Established test data management practices later adopted by 6 teams.
- Drove accessibility coverage from 30% to 96% of core journeys.

Education and Training

Master, Communications

Angelahaven University | 2008

Thesis: "Framing effects in crisis communication"

Bachelor, Communications

North John Institute of Technology | 2002 – 2005
