8 years in Data Analysis, most of it spent on systems other teams depend on. Comfortable leading technical decisions, pushing back on scope when it matters, and carrying a pager for what I build. Primary tools: Pandas and dbt.

PROFESSIONAL EXPERIENCE

Ironwood Consulting — Data Analyst

September 2020 to April 2026 | Campbellville

- Defined and documented 5 core business metrics in the semantic layer, ending duplicate definitions.
- Ran cohort analysis that reframed how the business measures activation.
- Built data quality tests in Pandas that catch upstream breakages before stakeholders see them.

Insights Analyst

Silverline Data | September 2017 to July 2020 | Lake Johnshire

- Migrated reporting from spreadsheets to Redshift, giving one trusted source of numbers.
- Analysed churn drivers and informed retention work that reduced churn by 60%.
