About Me

Pragmatic Cloud Engineer (7 years in DevOps/Infrastructure). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Go, Datadog and a lot of conversations with the people who use what we build.

Education

PhD, Computer Science

New Nathanhaven University | 2015–2018

Thesis: "Cache coherence under bursty workloads"

Bachelor, Business Administration

East Jeffreyhaven National University | 2011–2015

Work Experience

Blue Orbit Labs — Cloud Engineer

2019–Present

- Hardened Linux environments ahead of SOC 2, closing 10 critical findings.
- Cut container image sizes by 20%, shortening cold starts across the fleet.
- Introduced secret rotation and least-privilege IAM across 4 accounts.
- Introduced infrastructure-as-code with Grafana, eliminating manual provisioning entirely.

Core Competencies

Go (3 years), Datadog (2 years), Bash (7 years), Grafana (3 years), Jenkins (7 years), Kafka (2 years), Linux (3 years), Looker (1 year), Spark (2 years), SQL (3 years)

Professional Certifications

AWS Certified Developer - Associate — Amazon Web Services, 2017

Professional Scrum Master I (PSM I) — Scrum.org, 2025

HashiCorp Certified: Terraform Associate — HashiCorp, 2025
